

CUSTOMISED LIGHTING SCULPTURES

At **BRAND VAN EGMOND** we believe spaces - and people -  
deserve a lighting sculpture that evokes emotions and adds  
character. Underneath our designs, people interact,  
flirt and bond.

With over 25 years of experience our team is specialised in designing the finest handcrafted lighting sculptures for both residential as well as public spaces, for a clientele ranging from Royals till Rappers.

HEADQUARTERS IN NAARDEN, NL

Together with clients and design partners, William Brand creates commissioned lighting objects. The experience and knowledge of him and his team, is used to translate some of the world's most unique lighting wishes into handcrafted reality.

Each year a new collection of lighting sculptures is launched by William Brand. Starting with a new story to tell, he crafts for hours on end, with only one destination.
